

Niepokorni w kamasze 2011

**„Niepokorni w kamasze”
po drugiej stronie weneckiego lustra
świat oczami naszej opozycji**

Niepokorni w kamasze po drugiej stronie weneckiego lustra

Ladies and Gentlemen,

On the 12th of September 2009 the first educational and recreational meeting from the cycle "Niepokorni w kamasze" took place. It gathered about 600 people from across Poland. The participants met at the Salesians Seminar in No. 36 Wodna Street in Lodz.

You can find out more about this meeting's agenda in the attached documentation.

After a year break, caused by the 30th anniversary of "Solidarity" movement, it is our intention to organize the next meeting related to the topic of post-war repressions.

It will be held on the 26th of November 2011 in the cinema hall of the Technical University of Lodz. This time we have decided to talk about "the other party" namely the representatives of MON and WSW who in those times were our oppressors. The desire to recognize the motives and activities of the former political opponents is growing creating further potentially interesting topics that can be developed and discussed during the discussion panels planned during the symposium:

1. Relations of the WSI officers from the period of their fight against the underground activists in the years 1976-1990; a summary of the ones previously known, the disclosure of the ones previously unknown or causing the creation of new ones;
2. Fake independent publishing created by Special Services.
3. Underground publications created under a clear and direct inspiration and supervision of SB officers

The accompanying events will be held:

- An exhibition of fakes created on behalf of the State Security Service circulated in the second publishing circuit.
- A competition on the subject of internment the Polish state of war, including the specifics of internment in special military camps for junior high school level students.
- Concerts performed by those who fought alongside with us using their weapons, and who kept our spirits high.
- Projection of themed films.

Yours sincerely,
Adam Nowak
